

25 YEARS OF
STORYTELLER
AN AMAZING STORY TO TELL

To Whom It May Concern,

Storyteller Children's Center is a tuition-free preschool for homeless and at-risk children in Santa Barbara. We are a small organization that depends on our community in order to serve 100 needy children and their families each year, providing nutritious meals, medical and dental screenings, therapy for developmental delays and much more.

Having served the Santa Barbara community for over 25 years, we are honored and humbled to be sharing our community with an organization such as Greeks 4 Kids. Members of the organization reached out to Storyteller, having done their research, because our mission so aligned with theirs. They knew already what our needs were, and asked specifically if there were things we needed that were not allowed for in the organization's budget. The professional, caring young men of Greeks 4 Kids astounded and delighted us with the gifts they brought, with their enthusiasm and hope, and with their genuine concern and smart support for our children and our organization.

The car seats the young men of Greeks 4 Kids brought us allowed us to go on many field trips, and will continue to take children to literary and educational destinations for years to come. Storyteller children fall asleep to music played on the CD player they brought us, and our littlest ones practice their gross motor skills running in and out of the giant rainbow parachute.

Storyteller Children's Center is very grateful for the thoughtful wisdom and generosity of the members of Greeks 4 Kids, and knows the founders will continue to inspire other young people to support their community through Greeks 4 Kids.

If you have any questions regarding the contributions or conduct of Greeks 4 Kids in regards to Storyteller, please do not hesitate to contact me.

Sincerely,
